“Industry Update – What’s Happening and What’s *Not*”

Rene Dupuis, SRI Consultants

WRCA is pleased to welcome back **Rene Dupuis** as our speaker for this month’s membership meeting. Dupuis is president of **SRI Consultants, Inc. (Middleton, WI)** and is one of the most sought after speakers on technical issues related to roofing design and systems. Dupuis has been recognized by NRCA with its prestigious J.A. Piper Award, given to a roofing professional who has devoted constant, outstanding service to NRCA and the roofing industry.

In this program, we’ll hear the latest on insulation requirements (will R-50 roofs be required?), on wind codes (will they be changing in Wisconsin?), and on materials (what’s the latest on PPO performance). And we’ll also look at a couple of projects that didn’t go so well and talk about the lessons they provide. At the end of the presentation, there will be time for your questions.

If you have specific technical questions you would like Rene to answer during his presentation (your name will be withheld), we would appreciate your letting us know in advance so that we can forward them to him prior to his presentation. Please use the space on the registration form to provide your question(s).

Our location for the meeting is Milford Hills Hunt Club. Milford Hills was established by brothers Dan and Lloyd Marks in 1996. The first 188 acres was once owned by their father. Since then, they have expanded the club to 400 acres, and with a dedicated and experienced team, have built Milford Hills Hunt Club to what it is today.
